Food and Drug Administration (FDA) Declaration

Three-Sixty Solutions, Inc. declares that all of its Solu-Cell Foams (Closed Cell and Cross-Linked polyethylene and EVA bun stock foams including AS/SD/CD/FR grades) are compliant with the Food and Drug Administration (FDA) regulations:

- All Solu-Cell Buns contain resins that comply with 21 CFR 177.1520 (C) section 2.
- All Solu-Cell Buns comply with CFR 178.3010.
- All Solu-Cell Buns with a density of 6#/cubic foot or higher, comply with CFR 177.1210 which references, "closures with ceiling gaskets for food containers."

Whilst Three-Sixty Solutions Inc. certifies compliance to these standards, it is advised and recommended that all products be tested to confirm compliance for the specific application intended.

A handwritten signature in blue ink, appearing to read "Russell Western", is written over a horizontal line.
